

Petition to Preserve Teaneck's Historic Route 4 Greenbelt

We, the undersigned Teaneck residents, oppose the Township Council's efforts to build a self-storage facility on a one-acre wooded site adjoining Overpeck Park and support the preservation of our township's historic heritage through the creation of the Route 4 Open Space Buffer Historic District stretching from River Road to the Englewood border, its listing on the State and National Register of Historic Places & placement on Teaneck's Recreation & Open Space Inventory.

Email addresses and phone numbers will not be submitted with the petition. However, they are required to keep you informed as this Greenbelt preservation effort continue.
